

# SK INDEX - VOLUME 39

In the following index, which covers Volume 39 - January 2015 through December 2015 of *Skinned Knuckles*, each subject is followed by a series of two numbers separated by a hyphen. The first number, before the hyphen, represents the Issue Number (January is number 1, February number 2, through December number 12). The second number, after the hyphen, is the page number. In the case of a single entry, only one number will appear; in the case of multiple entries, a series of numbers, separated by a comma, will appear. In previous annual indices, each author or contributor was listed by name. We have eliminated the name references in this current index. Additional topics can be found in the Back-Issue Index (in the December issue), or on our website, [www.skinnedknuckles.net](http://www.skinnedknuckles.net). The website will include topics in all available issues through volume 39 as well as providing information on how to purchase back issues. Reprints of specific articles are not available, but complete back issues may be purchased, if in stock. Go to [www.skinnedknuckles.net](http://www.skinnedknuckles.net) and click 'Back Issues'.
