

# SK INDEX - VOLUME 43

In the following index, which covers the major topics in Volume 43 - January 2019 through December 2019 of *Skinned Knuckles*, each subject is followed by a series of two numbers separated by a hyphen. The first number, before the hyphen, represents the Issue Number (January is number 1, February number 2, through December number 12). The second number, after the hyphen, is the page number. In the case of a single entry, only one number will appear; in the case of multiple entries, a series of numbers, separated by a comma, will appear. In previous annual indices, each author or contributor was listed by name. We have eliminated the name references in this current index. Additional topics can be found in the Back-Issue Index (in the December issue), or on our website, [www.skinnedknuckles.net](http://www.skinnedknuckles.net). The website will include topics in all available issues through volume 43 as well as provide information on how to purchase back issues. Reprints of specific articles are not available, but complete back issues may be purchased, if in stock. Go to [www.skinnedknuckles.net](http://www.skinnedknuckles.net) and click 'Back Issues'.

**JUST A REMINDER** *Skinned Knuckles magazine* offers a variety of options for you, our readers, to share information with others who have similar interests. These options are free to current subscribers. All we require is your communication in writing - by mail or email. We will then apply whichever option is most suitable. Let us review a few of the options:

**Restoration Forum**- essentially a 'Letter to the Editors' column. Each letter/note is read and judged for general interest and suitability by our editorial consultants, and then responded to, often directly to the writer, and then in print within the column. The Restoration Forum is printed irregularly as correspondence warrants.

**Classified Advertising** - Classified ads are run in the February, May, August and November issues, and provide a source to sell or locate wanted or needed parts, vehicles or literature. Ads must be received by the first of the month preceding the month of publication.\* One item per ad, but multiple ads are accepted. 25 word maximum, including contact information. Must be for classic material, pre-1970.

**Events** - We will run a listing of events for non-profit organizations. Events will be listed

for a three-month period, beginning two months prior to the event. We must have full details not later than the first of the month preceding the first month of publication.\* Listing must contain type of event, location, date, non-profit sponsor and contact telephone number.

**Articles or Features** - We welcome your articles or features on restoration, repair, maintenance, or tools or products to make the job better or easier. We are anxious for you to share your areas of expertise or experience with our readers. Articles will be submitted to our editorial consultants for suitability and then passed along to our proofreaders for spelling or grammatical corrections and editing, if necessary. They will then be scheduled for an upcoming issue.

Mail information to Skinned Knuckles, Box 6983, Huntington Beach, CA 92615 or email to [SK@skinnedknuckles.net](mailto:SK@skinnedknuckles.net).

\* For Classified Ads or Events, material must be received by the first of the month preceding the month of publication: Example: for a May ad or event, we MUST receive the listing not later than April 1.
