## INDEX - VOLUME 9

In the following index, which covers Volume 9 of *Skinned Knuckles*, each subject listing is followed by three numbers (for a single listing) or a series of three numbers (for multiple listings). In every case the first number is the Roman numeral IX, which designates volume number 9; the second number indicates issue number; and the third number is page number. Example: CLUTCHES, IX-11-3. The subject or topic is Clutches, and information on this subject can be found in volume number 9, issue 11, on page 3. Subjects listed include major topics covered in various columns such as "Restoration Forum," "Shop Ideas," etc., in addition to feature articles. The index for Volumes 1 through 4 appeared in the July 1980 (Vol. 4 No. 12) issue, which is no longer in print. The index for Volumes 5 through 8 appeared in the July 1984 (Vol. 8 No. 12) issue, which is still available.
